

I'm not a bot

Northlands passion for innovation and customer service is the compelling force that encourages new solutions and drives our vision as a leader in advancing technology. Northland began in 1981 as a cable television provider under the name Northland Cable Television. In our efforts to provide the highest quality video services, Northland rapidly evolved into a full-service communications provider. As Northland Communications, we are taking you beyond the barriers as we connect you, and every customer, to each other and the world with the most advanced fiber optic technology and the highest quality services. Northland will take you to new heights as the future of communications continues to expand. As technology continues to advance and evolve, so will Northland. Northland Communications currently owns and operates smaller-market cable systems in Alabama, California, Georgia, Idaho, North Carolina, South Carolina, Texas and Washington. Northland is headquartered in Seattle, Washington and has a divisional office in Statesboro, Georgia. Throughout many years of technological change, Northland has remained consistent in offering professional and courteous service provided by the local customer care and technical staff. Northland takes pride in the local community by living, working and supporting businesses, schools, hospitals and community centers in the communities we serve.
