Welcome to our Art Center!

This is where we develop and explore our own creativity and have fun with new materials and tactile experiences. We learn how to talk with our friends, share and help each other here.

We have paint, paper, scissors, crayons, chalk, fabric, scraps and glue to choose from. Sometimes our teachers will add wood, leaves, sand and other fun items for us to work with! Using the materials helps make our small and large muscles stronger.

We learn to be creative here. Our teachers do not "model" crafts or tell us what to make. They do not ask us "What is it?" They ask us to tell them about our pictures. We talk about the textures, colors, patterns and other designs in our creations.

We like this because we can be creative without worrying that our art is "Wrong" or not the way it should be.

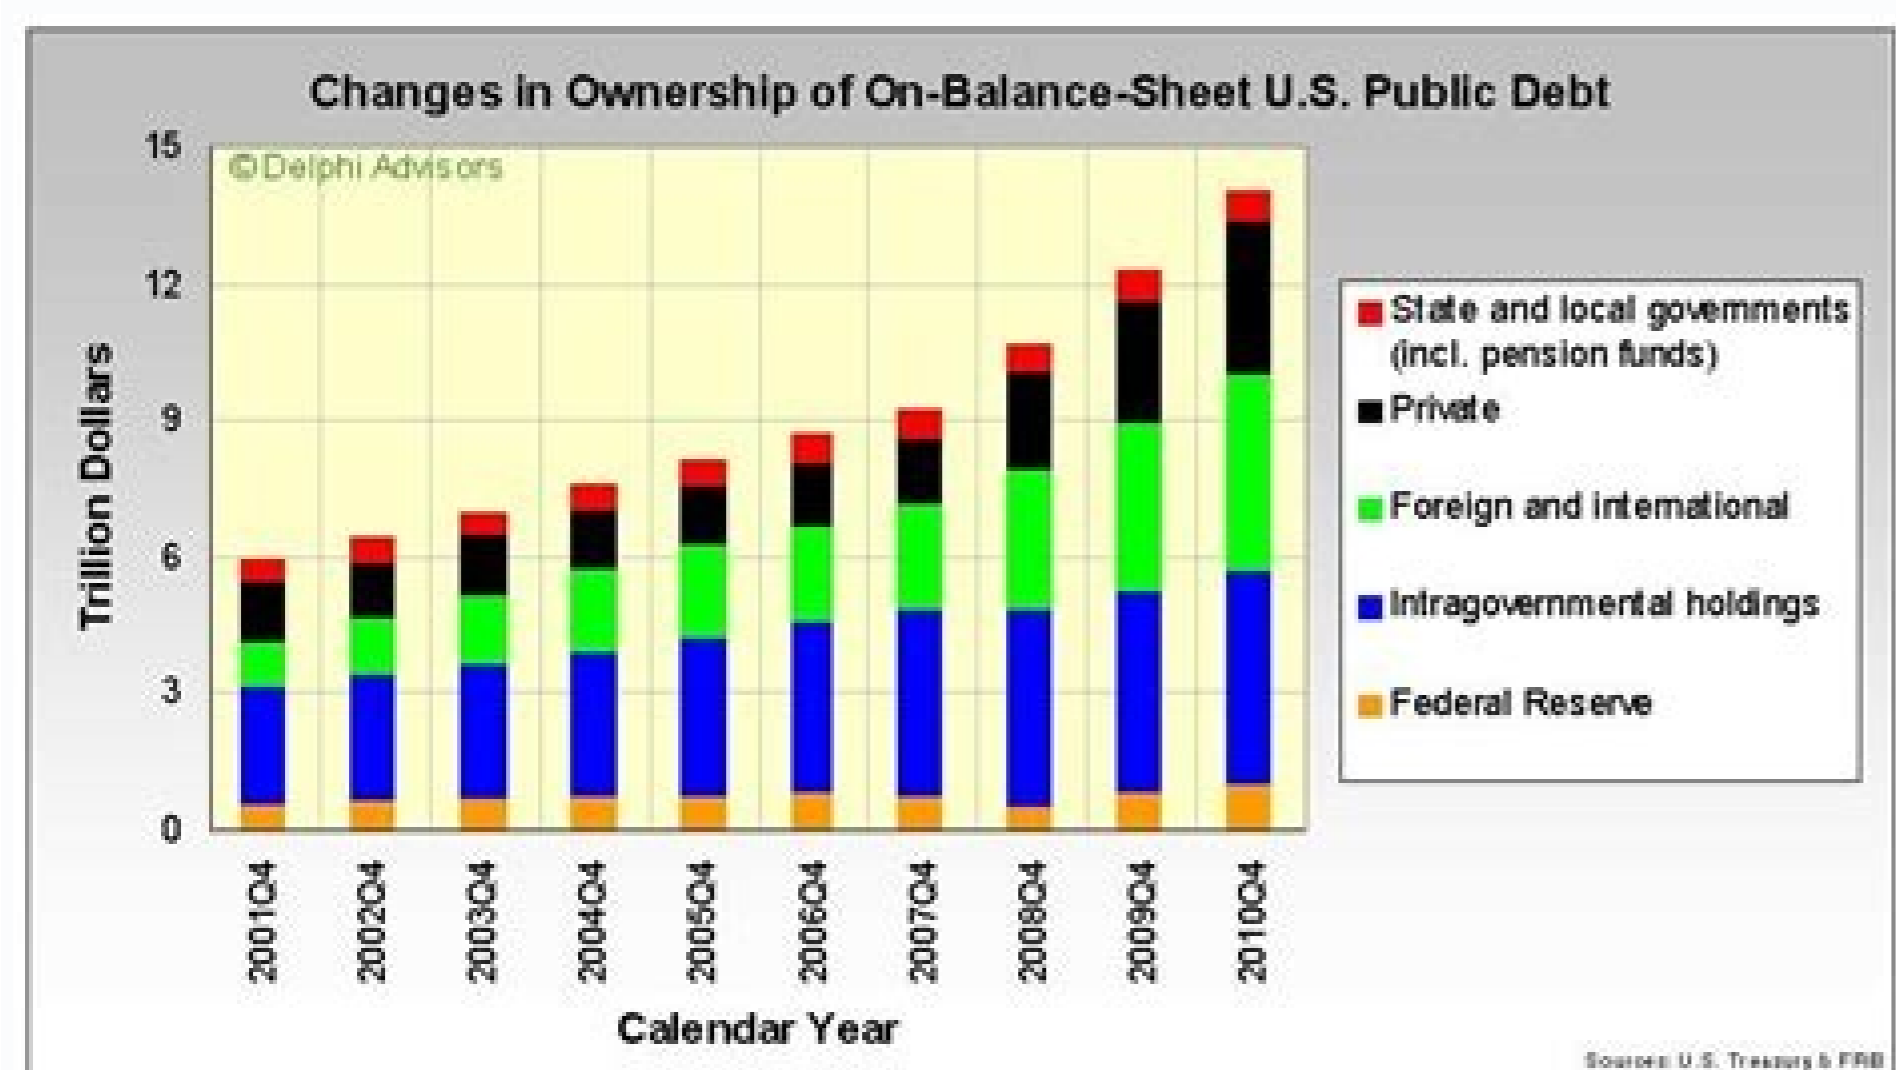

We are very proud of our creations and hope you will be, too!
