It is simply one of the most beautiful and charismatic cities in the world, with the serene River Guadalquivir flowing through its centre, a history spanning the centuries, a wealth of historic buildings, colourful back streets and peaceful parks. It has its origins in Roman times the Emperor Hadrian, builder of the famous wall, came from here. During the 8th century the Moors arrived, stayed for five centuries and left a unique legacy still in evidence today. However, if one event changed Seville, it was the discovery of the New World and, fittingly, Columbus is buried in the imposing cathedral. Immense wealth poured in from Spains new empire and catapulted Seville into one of the largest and richest cities in Europe. Much of Seville was built during this time and it seems to have changed little in the last 500 years, with tiny twisting streets and hidden squares where the locals hide from the midday sun in high summer. Today, though, it possesses a vibrant, cultural spirit that is very special. After breakfast we have a tour of this beguiling city, during which well see the awe-inspiring semi-circular Plaza de Espaa, a fine example of Renaissance Revival and Moorish Revival styles of Spanish architecture. Youll also see the Tower of Gold, so named as it was used to store plunder from the Americas, and much more.This afternoon youre free to explore Seville at your leisure, during this time you could visit the fortified palace of the Alczar or the worlds largest Gothic cathedral which is the final resting place of the great navigator, Christopher Columbus. Alternatively, if you wish, you could take a cruise on one of the many river boats.Signature experience -The magnificent Alczar Palace is one of the worlds oldest palaces still in use as a royal house. Its origins can be traced back to the early 10th century and the palace now serves as a record of history with its fascinating blend of architectural styles and rich decor. We have included entrance to the palace this afternoon, giving you the opportunity to explore at your own pace. So, why not lose yourself amid the cool patio courtyards, elaborate gardens and fragrant orange trees and soak up the unique atmosphere of one of Europes oldest palaces. Youll feel like you have the best seats in the house at our hand-picked location, high above the rooftops of Seville. Relax with an aperitif and a mini tapas selection and make sure you have your camera ready to capture every perfect moment as the late afternoon sun lights up the city.Personalise your holiday -Authentic flamenco show in Seville (Classic Tours Only) Price: from 35pp Witness a spectacular flamenco performance filled with passion and energy in a charming theatre.
