Dax Shepard shared his first encounter with fellow actor Eric Dane in the June 23, 2025, episode of his podcast, Armchair Expert with Dax Shepard. The Parenthood actor told the episode's guest, Brad Pitt, about how he met Dane at an Alcoholics Anonymous (AA) meeting. Dax Shepard shared that in the AA meeting, Eric Dane got into an argument with another man and threatened him. Shepard then intervened and got involved in the fight. "Eric Dane, who I now f\*\*king love, I have such a sweetness for him. But when we first were around each other, it was not good. He threatened a dude in the meeting, and I said, 'Let's go, motherf\*\*ker.' He goes, 'If you hit that timer again, I'm gonna f\*\*king throw you in that candle, and I go, 'That's it, motherf\*\*ker. Let's go. Stand up, let's go outside,'" Shepard said. Shepard then stated they almost got into a physical fight. He shared that after the incident, he and Dane became friends, and they shared the story publicly as it was a "hilarious beginning" for them. "He stands up, we go outside and I'm about to beat the f\*\*k out of him, at an AA meeting, where we're coming for healing and understanding... But what's great is, we're friends now and we told that story on the podcast and it's quite a hilarious beginning for us, and now I love him," Shepard stated. News' June 24, 2025, report, Eric Dane shared his side of the story in June 2024, when the actor appeared on the Armchair Expert podcast. The actor stated that he was not sober then and was not in "the best space" mentally. Dane shared that the two actors stepped outside to fight, and were stopped by a sponsor of the AA meeting. "I was not in the best space, let's just say that. I may not have even been sober at the time. So we're outside and Dax is like, 'What the f\*\*k was that about, man?' And just as I'm about to open my mouth, our sponsor comes out and gets in between the middle of us," Dane said. Dax Shepard stated that he ended up liking the actor's personality as they were going through "same bag of bullshit." The Grey's Anatomy actor also said that he came to "love" Shepard eventually. "You acknowledged something I said in your chair and you actually said to the group, 'You know, I hated you for so long, but I've come to really love you, and I think I might've returned the favor in the middle of the room,'" Dane stated. Dax Shepard's podcast, Armchair Expert with Dax Shepard, is available on their website, Apple Podcasts, YouTube, and Spotify.Meanwhile, in April 2025, Eric Dane announced that he was diagnosed with amyotrophic lateral sclerosis (ALS), which is also known as Lou Gehrig's disease. About the author Quick LinksEdited by Ameen Fatima In Evangelical homes across the United States, sex outside of marriage is a sin against God. So, when Abbi becomes pregnant at 16, her devout parents hide her away at the Liberty Godparent Home, a little-known facility for pregnant teens on the campus of Liberty University. The Home says it helps girls decide what comes next whether that's parenting their babies or placing them for adoption. But inside the facility, the girls hear a different message: God wants their babies to go to more deserving Christian couples. Some girls will find the strength to fight back. Others will have no choice but to give in. And some, like Abbi, will turn their grief into resistance and take a stand against the system before more mothers lose their children to adoptions they never wanted. From Wonderly, host and reporter T. J. Raphael tells a startling true story of young love, coercion, and defiance and the dangerous resurgence of maternity homes in post-Roe America. Ive been listening since the very beginning and still stand by Dax being #1 podcaster/interviewer.The one thing thats been bugging m lately is that the interviews have been cut down for time significantly and the fact checks (which is really just like being a By on the wall for M and D catching up)seem to get longer and longer. The best parts of the episodes are the interviews and I dont feel were devoting the same time and attention to early years like we used to. Im sure theres a reason, but I figured Id put it out there that I miss this part greatly. Sam Rockwell interview was just too short. Throughout the entire Brad Pitt episode, on repeat in my head I WISH MONICA WASNT THERE She legit ruined this for me. Ironically she made it clear that she made sure to force her way into the conversation. And it showed! Nothing organic about Monicas running commentary. I in no way benefited or propelled the conversation forward, whatsoever. In fact when she wasnt disrupting the flow (per usual) w her endless Yea, wow, yes, uh huh & fake laugh she managed to insult Brad multiple times- 1st she essentially called him an egomaniac. Next she used the word Stupid in response to him admitting he was vulnerable & trusting in AA. He corrected her by saying its desperation. Finally, As a professional actor BP embodied the role of a F1 driver & immersed himself in the culture, hence his enthusiasm for it!! MONICAS genius take, suggested hes just a shallow bro who unlike most actors, isnt artsy, and does he feel like an outsider as a result WHAT!?! Shes legit so unqualified for this gig. Dax must be back on the suave (or just the Monica kool aid) because he complimented Monica on her interviewing skills!!! I dont get it. Monica, do us all a favor and just sit quietly when the grown ups are talking Also hire a real editor Your awful at it. Please post if you agree. If Dax spoke about women the way that Monica speaks about men, his career would have ended years ago. Ive been listening since the beginning, but I took a long break because I didnt like how Monica always found a way to insert her negative views on men. I started trying to get back into it lately, especially with the Armchair Anonymous episodes, but its actually insane the hoops she jumps through to justify the worst in men she has literally never met. She is the queen of shenanigans and man hate into the most unrelated topics. You dont have to take my word for it, just sample a few Armchair Anonymous episodes at random and you will see what I mean. Id never let my son listen to this. Bummer because I enjoy Dax. Loved this podcast mostly for Dax, but now I realize why I never like Monica, she hates dogs. Hi, Im Dax Shepard, and I love talking to people.
