Free accessories with pin 14HD854 Pocket needles Pocket cleaner Pocket key Pin Age Aux Aux Knife replacement Pin Knife Pin Replacement General Purpose Why is it worth buying the Singer 14HD854? 2-3-4 line capability provides a wide range of options for thread stitching with color code for a quick configuration and Top knife mobile Sewing capacity of two needles Automatic control of the tension Light handle and carrying handle makes it portable Horizontal line delivery for uniform uniform points Speed for more fast-terminated results and width 4 integrated coiled sheaths provide more sheath features reinforced metal structure provides stiffness and longevity the powerful engine ensures excellent performance and ultra clean cuts if you are looking for a Single sewing quina of heavy singer, so 14hd854 is the right choice. Able to handle heavy work and sewing easily through thick and heavy tissues. 7) Singer Serger Quantumlock 14T967DC Overlock Read Here Customer Opinions. "The Quantumlock 14T967DC Overlock is another Best Sewing Machine of 5 Lines Singer Serger. Thanks to the self-adjusting voltage system totally Automatic in Quantumlock 14T967DC, you can adjust the display for any type of point option and this will sew a perfectly balanced spot with different wires in several fabrics. It is a 5 server machine of 5 Top range of range that is much appreciated by professionals and fashion designers. Thanks to the option of 5 wires and the speed of super fast sewing, it saves a lot of time. When it is consumed with a lot of work , then have a 5-wire machine is really something that will make your project shine in comparison with other professionals. It is a purchase obliged to finish your work quickly at the same time as triggers and overlap the raw edges, for quality sewing finishes. Stitch Options: Five-Thread Stitch, Four-Thread Ultra-Stretch Stitch, Three-Thread Overlock Stitch, Triple-Cover Stitch, Double-Cover Stitch, Chainstitch, Rolled Hem, And Flatlock Stitch Free Snap-On Feet: Blind Hem Foot Pearl / Sequin Foot Elastic Foot Shirring Foot Piping / Cording Foot Taping Foot Why 14T967DC Is Worth Buying? 5-4-3-2 Stitch Configuration Cover Hem And Lower Looper Automatic Threader Fully Adjustable Differential Feed 5 THREAD SERGING CAPABILITY BUILT-IN STITCH LENGTH Dial Fast Sewing: 1,300 Stitches-Per-Minute Attachable Clean Pocket: Keeps The Sewing Area Extra-High Presser Foot Lifter A moveable upper knife cuts fabric for 5-7mm stitch width Singer 14T967 DC Ashlock ashlockan excellent machine to be used for heavy work that can sew in excess to 1300 points per minute. 8) Singer Tiny Serger TS380 Plus "Overedging Machine Read here the customer reviews" This sewing machine Tiny Singer Serger became very popular among the community due to its small size and smooth functioning. The ability to work at the edges of the tissue © something I personally like in this tiny machine. Help him give the project a perfect finish and avoid the clothing being torn off. If you like to create decorative designs in your dressing room at home, then this little sewing machine © Something you must have. Singer TS380 Tiny Serger occupies a very small space at his sewing table, leaving ample room to manage his fabrics and all patterns of pattern design. Although it is small and tiny in size, the Singer TS380 creates durable seams in the tissue that will hold up to © Lots of washing. The TS380 © often compared to the Overlock model, but don't get confused, Overlock © any day a sewing machine superior to Tiny Ts380. However, you must understand that both serve different purposes. Outdoor purchase of singer Tiny Serger TS380 Good to put a overlock point on a fabric already trimmed or sheath Best Beginners or Teenagers Excellent for small sewing jobs at home Mini-Portable Sewing Machine Adequate for Overedging Serger Operates on electricity and not on Downside O batteries miniscule serger doesn't have a cutting iron © suitable for large projects Avoid it if you are a professional looking for a machine for heavy work You have to trim the sewing before sawing. It is difficult to find these small pieces of sawing The TS380 © one of the best minute serger sewing machines that © Perfect for drapes, jeans, skirts, or sewing any fabric. And if you're learning to use sewing machines, then this unit... © the choice. 9) Cantor 14ET754 Perfect Finish Serger Read here the views of customers is "Cantor 14ET754 Perfect Finish Serger no © more than the 14CG754. Yes, the Mark has the sell the same product with different model names to get a market understanding. So if you've seen someone© using the 14ET754 Perfect Finishing Serger, then take a closer look, and you'll get© the idea that it 14CG754 model. There is no change in functionality, point options, or even project. Both come with a different feeling and color. One is in blue/white and the other is © gray/white color. 10) Singer Serger 14U64A- Ultralock Sewing Machine Read Customer Reviews Here A The 14U64A A a clinical Singer Serger who was quite popular in the old days. All sewers know that sometimes, it's © to keep up with old-fashioned© service machines. The singer 14U64A Ultralock Serger © something that © useful for small works: You should avoid use it for commercial projects. It's an electric machine© that fits perfectly into the body of small businesses of home © or its even great for beginners who just learned how to connect the machine. The 14U64A Ultralock Singer's music © suitable for Denim, Quilting, Vinyl, Leather, Embroidery and Wool. Although it looks like covering all kinds of fabric, I personally suggest not using it when working on layered designs. Downsides: Old design Hard to find the sewing machine parts Limited Company support What Features makes 14U64A worth buy? Suitable for different types of Free-Arm Fabrics© for hard sewing to get to places Excellent work for the quilting long-arm home Sewing Machine Best for the Mobile Stitching Compact design and portable machine The brand has earned its recognition in the world of serging because of its two famous classic machines: Singer Merrittlock 14u44 Serger Singer 2054 These machines were able to sew better dogs and work efficiently in denim. Remember those days when Denise was the only fabric everyone was buying? Both Singer Merrittlock 14u44 and Singer 2054 sergers are now sold on the market. The company evolved and came with some really good stitching stiching Like Cantor 14CG754 Profinish, Cantor 14T968DC Professional 5, Cantor Touch Finishing 14SH654 that made Merrittlock 14u44 and 2054 overlock respectively retire. Options of points and characteristics 5-4-3-2 Stitch Configuration: Regardless of your project 14 different point types will give you the professional finish that you always wanted. Race: Very common topstich used in decorative and widely popular clothing for straight seams. Double Cover Stlitch: Using the Automatic Tension System Set The Machine for a Professional Coverage that you will also find in ready-to-use clothing. Often it is used to suggest a decorative style while making clothes. Triple cover point: For a truly professional appearance, you have to use your beautiful triple topstitch of 5.6 mm for exquisite seams and professional finish. Three discussion overlock stitch: Use this point to create a beautiful tissue sewing finish. It is widely used to avoid the deviation of fabric fabrics loosely. Ultra-stretch point of four discussion: Make use of this point when sewing a knitted tissue, because the point extends as the fabric extends. Five-Thread Stitch: It is a strong safety point that removes the need to re-sew a conventional stitch stitching machine. It makes strong seams Á  
