Samsung s4 zoom gsmarena

Samsung Galaxy S4 Zoom The Samsung Galaxy S4 zoom is a phone with a hybrid camera [1] [2] with a 10x optical zoom (24 Å º º ~ "240 mm 35 mm equivalent) with lens f / 3.1-6.3 with Integrated optical stabilizer and a standard Xenon flash. [3] The phone uses a PEGA-Dual + XMM62622 SOC with a DualCore 1.5 GHz CPU. [4] Camera its zoom lens with rotary knob Zoom S4 uses the BSI-CMOS sensor from 1 / 2.33 inches and has an automatic video camera control and automatic video camera control and takes video in 1080p 30 fps (Full HD) or 720p to 60 fps. [5] The device can be classified as a low-point camera / Medium-End-and-Shoot. [6] [3] In one of the scene modes, the user can set the exposure time, the ISO light sensitivity (up to ISO 3200), the opening and balancing of the White manually, [7] that the main Galaxy S4 variant is missing. You can record videos slow motors at 768--- 512 Pixels at 120 frames per second, compared to 800Åf-450 on the main Galaxy S4 and 720Åf-480 on the Galaxy Note 2 in that frame rate. The Slow Motion video is recorded without audio track. You can also use the optical zoom during recording. [8] [7] During video recording, at any resolution available and frame rate, the optical zoom can be optionally slowed, to avoid adjusting the sound of the zoom lens engine. [7] This also applies to the next Galaxy K zoom. [9] During video recording, you can also take pictures with about 3.2 megapixels, but only up to 6 images during the entire recording, no matter the length or size of the video, even if this video is pause. Samsung has not given a reason for this limit. The S4 zoom has a ring rotary knob around the zoom lens that can be used for optical zoom [10] and to start the camera from a dedicated mode selector. [3] Screen The screen has the same specifications as the MINI S4, with a QHD (not confused with the QHD display) with 960Åf-540 pixels and a pixel density of 256 PPI. Use super-amored technology, like most medium-samsung-range smartphones. It is protected with Gorilla Glass 3 [11], unlike gorilla glass 2 used on the galaxy s3, galaxy note 2 and active galaxy s4. The Galaxy S4 (main model) also has Gorilla Glass 3. Galaxy K Zoom white color variant of the Samsung Galaxy K Zoom in June 2014 The successor of the Galaxy S4 Zoom, the Galaxy K Zoom model (SM-C115) - also known as Galaxy S5 Zoom - it was released. Comes with a 10x zoom camera (24-240 mm) with 20.7 megapixels, with Android 4.4.2. The Galaxy K zoom also uses the letter "K" for "Kapture" or "Kamera". His slogan is "capturing the moment". Its removable polycarbonate back cover has the same dotted scheme of the Galaxy S5 and shares the same version of TouchWiz (Nature UX 3.0). Although free video 4k (2160p), it supports video recording with 1080p to 60 frames per second and slowing 720p to 120 frames per second, the latter without audio. [9] Your camera software has a "Pro Suggest" mode that automatically suggests the appropriate camera modes for the current scene. [12] Zoom K has 2-GB RAM, 8. GB own flash, microSD, NFC, Wi-Fi, Bluetooth 4.0, 4.8 inches 1280Åf-720 PX Super AMOLED (306Å, PPI), 6-core exynos 5 Hexa (EXYNOS 5260) SOC, MALI -T624 GPU, 2007 G and 20.2 mm at the most often. [13] [14] has additional camera controls such as the ability to separate the focus and exposure areas. [15] A disadvantage compared to Zoom S4 is that you cannot use the optical zoom while recording slow motors. The new ZOOM K design has also removed the camera's tripod screw thread and the ring Around the zoom target. David Powell (9 April 2016) of 360 gadgets My wife enjoyed a lot this phone. We chose it because she wanted © take decent pictures. Apart from the optical zoom lens, the real electronic flash is a real plus. The description says that the battery is not removable. Better than that. There's a hatch in the bottom of the camera, which means you can replace the SIM card or battery without having to disappear back. They needed a different design, I suppose, when the 'back' of the phone is loaded with the camera! This review is useful? K. Reply excellent mobile phone with camera + combo Krishna Srinivas (September 3, 2019) On Flipkart I was looking for a great camera-phone and this is the account. The quality of photos / videos is of the highest level even in low light conditions. The 10x optical zoom zoom vehicles without quality loss - which is great. As a phone too much is good enough - a solid Android 4.2 phone. People who complain about voluminities - Note that this phone is for people who are particular about the quality of photos / videos! This review is useful? Reply Mahendra Krishna (June 3, 2019) On Flipkart I love this. I bought this in January 2014 and never felt bad for the product. Yes, it's bulky but always reminds me that I had something in your hand. The camera is excellent. S4 and with the same features as the camera that is costing 65K. But I got this for only 30k and im a happy user. This review is useful? Best answer better believe in the best Amit Dave (Apr 3, 2019) on Flipkart --- really a good mobile phone with camera, in fact it is found All in a single Whroere u device can find all your requirement a Gaudget. --- First of all I tried to buy the Nokia 1020, but due to the too high prize I was going with S4 Zoom, after all his Android device .. --- After two days with Galaxy S4 Zoom really happy and very satisfied With the product. --- I don't think go for it. This review is useful? Reply Flipkart Customers (Mar 3, 2019) On Flipkart this phone is good for architectural students for the 1st year and 2nd year looking for camera. It's really good camera phone. (But sometimes during the acquisition time they are heated.), But better than the RS 10000 to the RS20000 cameras. It's really super under construction Duppu mobile entertainment, which is impressive for a person. It contains 1.5 GB of RAM for the goal and HD video game. 3G fast internet options in the plain (not in the OFEN hills). Because I to stay there. And I ask that he created this phone should give long hours to take pictures. "I ask students to buy this mobile phone with camera that U helps a lot for the first two years in various".
