Check out the options menu to adjust them to your liking! I'm a generous being with a (sorta) Fragile' Kind soul. But before we get to the things that we need in this game Ima tell the story of my experience: I seen keyin Tfg. Play this game but when baldi catches you. His head appears on the screen as a jump scare. With an electric sound playing" Then after. A random item like a fidget spinner (etc) appears on the screen. Then it takes you back to the beginning. (Note: I don't play the game the right way). This game is interesting and I want to make a mod someday! (I'm on mobile :(.)Btw let's go back a bit. When I said I don't play the game the right. I MEAN IT. For example: I just get all of the questions wrong on the first notebook then I just hang around in the main area. Really wish the jump scare was the fidget spinner or (etc). Now let's go through the things that we need in this game: Shorter detentions. No jumpscares. Explore mode: In explore mode no one can bother you. More inventory slots That's all Thanks for reading! Ok so I was playing it and I got the first notebook and then answered the questions and I got a shiny quarter. I was like what's this for?? Then realized it was for Bsoda. I saw this jump rope girl and I was like whattttt then Baldi got me. But then I played for like another year and I got really good. Here are some beginners tips: Get as many Bsodas as possible Make sure the principal doesn't see you do anything bad If you need to run in front of the principal then click the run/shift button over and over but never leave it on Play with sound so you know your surroundings Always keep safety scissors If you can, if you see the bully try to see if the principal is coming cuz he will put him in detention Know your surroundings If you use principles keys then wait for the principle to leave the room and for him to go away. What items do: Big of 'boots:make you immune to first prize Bsoda: shoot anyone down the hallway Safety scissors: Cut playtime's jump rope Window no squee:Use on a door and doesn't make a sound Zesty bar:Run for a longer time Principals keys: Gets you out of detention Shiny quarter:Buy a zesty bar or Bsoda Yellow door lock:lock a yellow door so no one can go through Thanks for reading!!!!!!!!!!!!!! So when I was playing this game I saw Baldi he looked happy so I went in a room and saw a notebook so I went to it and then I had to take the notebook and answer the questions♥So then after I answered all of them I went in a another room and I had to answer them but then I got one wrong I was scared ☹️ but I had to go to a different room but then Baldi wasn't there...[So then I heard something it scared me but then I went to a different room but then I heard (no running in the halls) I was so so scared but I I ran quickly so then I got trapped in this roomSo then I was in there for like 1 hour until...BALDI CAME!!!!!!!! I try to get out of the room but then he was behind me so I ran so fast and then I got out of the roomSo I went in a different room so then I got the notebook and answer all of them right [So then I found BALDI!!!![So he killed me but I was pretty fun and funny but then I played a another level it was pretty fun so ya and guys do your answer right in the game or else I will lose] ♥[By: Charlotte meek The developer, Basically Games, LLC, has not provided details ab privacy practices and handling of data to Apple. Except there is a few problems. When I try to use the boots on arts and crafters it does not work. And on endless mode when I get 8 notebooks baldi sounds like a car! (I mean he's fast). And sometimes I glitch into a wall. But other than that this game is great! But still fix the other problems. Haven't played in a long time so I re-downloaded it and it's awesome. I feel like they could update it if they wanted to. But it hasn't been updated ever. Although I understand a little. There's no ads either so that's pretty awesome. And they say it's a horror game but it's not even scary honestly. Unless you're like two. I Recommend this game.
